

Type 11 DuoBack®

■ DuoBack® - Reduces direct pressure on the spinal discs by up to 50%

The name Grahl will forever be synonymous with the world famous and highly regarded DuoBack back rest chairs. The DuoBack® Type 11 combines all the key ergonomic components necessary in a modern day office chair, to produce high quality, adaptable chairs at competitive prices.

As with all DuoBack chair models, the back rest pads are independently pivotal. This ensures that the user's back is fully and continually supported either side of the spine, even when changes in posture occur.

The unique support of DuoBack® encourages recommendations by physiotherapists, work place assessors; osteopaths; medical professionals and insurance companies worldwide.

Type 11 DuoBack®

TECHNICAL

Useful Information | DuoBack Type 11

DuoBack® Type 11 is available in a wide range of fabric, vinyl and leather finishes. For domestic use we recommend Xtreme FR fabric. Developed and constructed from 100% re-cycled materials, it is soft to the touch yet hardwearing and available in a wide range of colours. Xtreme FR conforms to stringent tests for flammability and flame retardancy, meeting the following recognised standards:

- EN 1021-1,
- EN 1021-2
- BS 5852 Crib 5
- BS 7176 medium hazard
- BS 476 Class 1
- DIN 4102 B1

DuoBack® Type 11 has a five(5) year manufacturers warranty, effective from date of delivery.

Designed and built to German TUV standards for ergonomic seating in the workspace.

Details of product materials used and their end of life disposal are available on request.
